WORK EXPERIENCE

Associate Software Engineer (Intern)

Feb 2026 – Apr 2026

Mphasis Ltd

Bengaluru, Kar

- Developed 10+ responsive frontend web modules using HTML5, CSS3, Bootstrap, and TypeScript, boosting UI page-load speeds by 25% and enhancing cross-browser compatibility.
- Engineered and integrated 12+ RESTful backend API endpoints using Java, Spring, and Spring Boot to support concurrent user requests with sub-200ms latency.
- Optimized database queries and ORM mappings using Hibernate and MySQL, cutting database response times by 20% across 15+ relational tables managed via Git and Maven.

Data Science Intern

Jul 2025 – Aug 2025

Evoastra Ventures Pvt Ltd

Remote

- Scraped and structured 50,000+ data points from dynamic web pages using BeautifulSoup & Selenium, automating daily data pipelines and saving 15+ manual research hours weekly.
- Developed a deep learning image captioning model (CNN+LSTM with DenseNet201) deployed via Flask, achieving an 85% BLEU score accuracy across 10,000+ test images.
- Enhanced caption inference speed by 30% and accuracy by 15% through hyperparameter tuning, custom tokenization, and optimized feature extraction.

PROJECTS

AI Multi-Agent Social Debate System | *Python, LangChain, LangGraph, FAISS, Sentence-Transformers, Groq API*

- Developed an agentic debate platform using LangGraph and FAISS for semantic routing, reducing multi-agent communication latency by 25% through optimized vector indexing.
- Implemented an advanced RAG pipeline with conversation memory and semantic retrieval, deploying custom guardrails that blocked 99% of malicious prompt injections during testing.
- Designed a modular multi-agent architecture orchestrating 5+ distinct AI personas concurrently, optimizing token usage by 15% using context-aware sliding window memory techniques.

Automated Enterprise RAG Analytics Agent | *Python, LangChain, Groq API, Llama 3.3, Pydantic v2, Pandas*

- Engineered an automated RAG pipeline using LangChain and Llama 3.3, leveraging Groq acceleration to generate project metrics in under 1.5 seconds.
- Architected a strict data validation layer using Pydantic v2 for structured JSON parsing, achieving 100% pipeline uptime against incomplete data.
- Developed a multi-threaded scheduler to evaluate 50+ project profiles concurrently, reducing total token overhead costs by 15%.

TECHNICAL SKILLS

Programming Languages: Python, SQL, R

AI, ML & Deep Learning: TensorFlow, Keras, CNN, LSTM, DenseNet201, Scikit-Learn, FinBERT, Transformers, NumPy, Pandas

Generative AI & LLM Orchestration: LangChain, LangGraph, Retrieval-Augmented Generation (RAG), Prompt Engineering, FAISS, Sentence-Transformers

Databases & Backend: MongoDB, PyMongo, MySQL, Flask, REST APIs

DevOps, Cloud & MLOps: Docker, Kubernetes, HPA, Git, GitHub, AWS

Core CS Concepts: Data Structures & Algorithms (DSA), OOP, DBMS, Operating Systems, Computer Networks

Soft Skills: Problem-Solving, Analytical Thinking, Communication, Data-Driven Decision Making, Collaboration

EDUCATION

Presidency University

Bengaluru, Kar

Bachelor of Technology (Computer Science and Engineering) , Cgpa: 7.7/10

Dec 2022 – May 2026

Kendriya Vidyalaya AFS Yelahanka

Bengaluru, Kar

CBSE Class XII, Stream: Computer Science , Cgpa: 8.19/10

Apr 2021 – Jul 2022

CERTIFICATIONS

AWS Certified Cloud Practitioner: Amazon Web Services (AWS)

GenAI Studio: Powered by Google Cloud

Microsoft Azure AI Essentials Professional: Microsoft

ACHIEVEMENTS

- CICADA 2023 Hackathon , Core Developer/Team Lead:** Lead a team of 4 through a 24-hour sprint to deliver a production-ready software solution hosted by Atria Institute of Technology — *Dec 2023*
- Problem Solver (Silver Badge): 270+ Data Structures & Algorithms problems** across Java and Python on :- [CodeChef](#).
- Data Structures & Algorithms:** Currently Practicing Advanced Data Structures & Algorithms and Competitive Programming :- [LeetCode](#).
- Selected in the **top 70 teams out of 450** in the World's Largest Innovation Expo (featuring over 2,600 students) held at Presidency University — *May 2023*
